I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

## NEVADA'S STAKE.

The San Francisco Chronicle, of Oct. 30, publishes the subjoined truthful editorial:

There is no State in the Union more interested in bringing about the defeat of Grover Cleveland than Nevada. He has been the persevering enemy of its chief industry—silver mining. He has spared no pains in his efforts to discredit silver and reduce it to the level and value of the inferior metals. He has used all of his cunning and the vast patronage at his command to defeat the efforts to restore the standard dollar to the honored position it held before it was surreptitiously demonetized in 1873.

The hostility of Cleveland to silver antedates his inauguration. Before he took his seat on the 4th of March, 1885, he addressed a letter to Congressman Warner and others, in which he took distinct ground in favor of bimetallicism, and predicted that the country would be plunged into ruin unless the coinage of standard dollars was immediately suspended. His recommendation was disregarded, because at that time Congress, and especially the Democratic branch of it, was overwhelmingly in favor of the double standard. If it had been acted upon the instantaneous effect would have been to close down every mine in the State of Nevada, for the cessation of purchases of bullion by the Mint would have had the effect of reducing the value of silver to such an extent that it could only be mined under the most favorable conditions.

Under ordinary circumstances such a rebuff as Cleveland received might have been accepted as a hint that he was on the wrong track and, at least, have induced him to assume a pensive attitude. But the interests of the gold bugs were too heavy to permit inaction. Consequently the President was soon seen to be at work. Through the agency of the Treasury Department he caused obstacles of every kind to be thrown in the way of the free use of silver. Every possible device was resorted to in order to make it appear that it was only allowed a place in our circulation on sufferance, and that gold was the only reliable money.

The history of the first three years of Cleveland's administration is filled with petty attacks on silver which failed to attract general attention, but which had a depressing influence on the price of silver bullion, which steadily declined in consequence. In the early part of the present year, however, he changed his tactics, and openly showed that he had determined on whipping the Democratic party into the traces of the Wall-street clique. No doubt he had thoroughly cleared the ground before making this bold attempt. The sequel at any rate proves that by the use of patronage and other devices he had succeeded in converting the Democratic party into an anti-silver party.

The story is a brief one. In the Spring Cleveland, professing to desire additional authority for the purchase of bonds, caused a bill to be introduced into the House. It passed that body without opposition, the general opinion being that the object was merely to permit Cleveland to pose as an exceedingly careful man. In the Senate, however, Beck, who foresaw that the purchase of bonds would result in a contraction of the currency, appended an amendment requiring the Mint to purchase bullion and coin standard dollars to take the place of all the national bank notes which might be retired in consequence of the surrender of bonds by the banks. The amendment was contested, but was finally adopted by the Senate. This necessitated the return of the bill to the House for concurrence in the amendment. It was at once seen that the action of the Senate was extremely distasteful to the President. There was a great hurry and scurry over the matter, and finally it was decided to smother the bill. Accordingly, it was referred to a committee of the House, where it has slumbered ever since. In the meantime the Secretary of the Treasury has gone on purchasing bonds without the additional authority, which Mr. Cleveland said he so imperatively required, and national bank notes are being retired continuously and no silver takes their place.

But the culminating attack of Cleveland on silver was made at the St. Louis convention. He had given strict orders that no reference should be made to the question in the platform. This fact became obvious at once when the delegates from the silver producing States and Territories importuned the members of the Committee on Platform to recognize their special industry. Although the leading administration organs on this coast only a few days before the meeting of the St. Louis convention had publicly stated that no man could get the vote of any Pacific Coast State if his record was not clean on silver, the convention deliberately ignored the subject. Not only that, but when solicitous persons asked Henry Watterson, the Chairman of the Committee on Platforms about the matter, he brusquely responded: "Oh, damn silver!"

The natural effect of the unremitting hostility of Cleveland's administration to silver has exhibited itself on Nevada in the closing down of several mines, notably those of Austin, Pioche and

Belmont. In the Eureka district, if it were not for the fact that at least two-fifths of the bullion is composed of gold, it would be impossible to continue operations. These shut downs and threatened shut downs are directly due to the depreciation of silver, which, owing to the influences described above, has fallen from \$1 10 per ounce in 1885 to 90 cents, at which price it ruled during the major portion of this year.

In addition to the drawbacks resulting from the depreciation of silver, the Treasury Department since Cleveland's accession to office has ruled that lead pigs which contain an amount of silver exceeding the value of the base metal in the same shall be admitted free of duty. The effect of this has been to reduce the price of lead and to compel us to share a hitherto profitable market with Mexico, for nothing is easier than to make lead fulfill the conditions necessary to make it enter free of duty, a fact which our neighbors are aware of and have acted on to our disadvantage.

Quite recently there has been a slight advance in the price of silver. There is no attempt to explain it except upon the hypothesis that Republican success next month will insure a steady adherence on the part of the United States to the bimetallic policy. The platform of the Republican party declares distinctly in favor of silver; Mr. Harrison has, in his letter of acceptance, signified that he would advocate and encourage the double standard, and on Tuesday Mr. Morton, in his brief letter of acceptance, emphasized his belief in the advisability of maintaining a gold and silver currency side by side.

With all these facts before them the people of Nevada should have no difficulty in deciding with which party their interests are identified. If Harrison is elected, confidence in silver will be restored, and the mines now shut down would be able to start up. Should Cleveland prove successful, silver will receive another black eye from which it cannot possibly recover for nothing is more certain than that the efforts to demonetize silver would be renewed. And that would mean ruin to the mining industry of Nevada.

## A GOOD PLATFORM.

The Lander county Republicans adopted the following good platform:

WHEREAS, The Republican party received the government of the nation from Democratic hands, in debt, and on the brink of dissolution and ruin, and carried it through the greatest war of modern times to safety, and guided it through a score of years of unexampled prosperity, until it became the admiration and wonder of the world; now therefore

Resolved, That we hereby renew our allegiance to that party, and most heartily endorse the National Republican platform adopted at Chicago, and also the comprehensive platform of our Republican State Convention, to which we refer for a fuller expression of our views and principles.

Resolved, That in Harrison and Morton we recognize the standard bearers to lead us on to victory and a restoration of the principles and made the country great.

That in our State nominees, without distinction of person, we recognize able and honest men, who will do the people justice and our party honor in their respective offices.

Resolved, That we denounce the present Democratic nominee for President, who has violated every pledge he made his party and the people and utterly revolutionized the principles of the Democratic party. Who, in direct opposition to the platform on which he was elected, violated principle and precedent by an open attack on silver, before he had taken his seat, and has bitterly opposed it ever since. Who has crippled our mail service, and sent his political trenchmen from Eastern States to fill our Governmental offices, to the exclusion of competent residents? Who has suspended the operations of our Mint, turned it into an assay office, and reduced the wages of the employees?

Who has refused to use the appropriation provided by Congress for a Government building at Carson until it could be used as an auxiliary, to his reelection, and who is doing all in his power to destroy our wool and borax and lead industries, and in fact every industry in the State?

Resolved, That we look with unbounded amazement on the Democratic party of Nevada, which has ignominiously surrendered every principle once held dear, and every interest in the State they inhabit, at the bidding of a man almost unknown, who was elected by the combined "influence" of the U. S. bankers, gold monometalists, free traders and moneyed aristocracy of New York, and who has never since lost an opportunity to do their bidding.

Resolved, That we favor the American system of protection to home labor and home industries, and when any change shall become necessary in the tariff schedule, we prefer to have it made by its friends, rather than by the party whose dictator pronounced the system "vicious, illegal and inequitable."

Resolved, That we favor artificial irrigation of the lands of the State, and our representatives are instructed to use all means in their power to procure national aid to sink artesian wells, build reservoirs for the retention of the surplus waters of winter, and whatever else may conduce to that end.

Resolved, That we favor the absolute exclusion of Chinese labor, as well as the contract pauper labor of Europe, and denounce the party which claims to be the sole champion of this cause, and which, caught in its own trap, does all in its power to defeat the only efficient measure enframed for that purpose.

JOHN BICKNELL, Chairman.

Cyrus Swan, for years Chairman of the Democratic Committee, of Duchesne county, New York, is a Republican this year, and he says: "I know scores of men who will vote for Harrison and Morton, but who do not want their names mentioned. In one family I know there are eight voters, seven Democrats and one Republican. Every one of them will vote for Harrison this year. I believe that instead of a majority of 1,000, such as the Republicans got in 1884, Ditchback county will give between 2,000 and 3,000 as sure as you stand there. I tell you it is a complete revolution."

## REPUBLICAN RECRUITS.

On the roll of the Harrison and Morton Club at Fort Ann, N. Y., are the names of six Democrats who did hard and effective work for Cleveland in 1884.

Ex-Freshholder John Isenman, of Crawford, N. J., a life-long Democrat, and one of the best known men in Union County, is listed among those who have recently declared for Harrison and Morton.

Joseph Van Denburgh said recently in a public speech at Berne, N. Y., that there are 80,000 Democratic mugs—wumps like himself in the State who would vote to retire Grover Cleveland to the walks of private life.

In one election district in Clinton County, New York, sixteen Democrats, who have all their lives been devoted and persistent workers for Democracy, have announced their intention to support the Republican ticket this year.

Representative George H. Keary, of North Adams, Mass., who supported Cleveland in 1884, says he is for Harrison, Morton, and protection this Fall. Mr. Keary predicted the election of Cleveland in 1884, and he is just as sure now that the next President will be Harrison.

One of the most notable desertions from Cleveland and free-trade so far recorded in Michigan is that of ex-Congressman C. C. Comstock, of Grand Rapids. Mr. Comstock is a large manufacturer, and whenever he has been a candidate for public office he has received his support largely from workmen.

Robert G. Mackay, of St. Paul, who in 1884 stumped Minnesota for Cleveland, writes: "The Democracy of Minnesota is too deeply saturated with free-trade for me. When a party sustains an anti-protective league and gathers every rampant free-trader under its wing, for the time being, I must stay on the outside."

John Aimes and his two sons, of Oak Orchard, Orleans County, N. Y., have been life-long Democrats, but have come out for Harrison. At a pole-raising near their residence to celebrate the event the names of four other prominent Democratic residents of the vicinity were announced as converts to Republicanism.

John R. Zinc has been a prominent and life-long Democrat of Washoe County, Ind. Recently he announced his conversion to Republicanism. Since then his Democratic neighbors have annoyed him greatly. Now he has raised a tall Harrison and Morton pole in front of his residence. Mr. Zinc has the right sort of metal in him.

Hiram Shute, of Washington County, New York, who has voted the Democratic ticket fifty-seven years, this year takes the Republican chute, and explains his position as follows: "I am an out-and-out protectionist, with all that it implies. I have always been a Democrat and voted on all National and State issues, the straight ticket; but I don't stand the free trade heresy to which my party is committed this year and shall oppose it with all my strength."

One of the distinguished Democrats of thirty years ago was Gen. George W. Jones of Iowa, who was a member of the Thirty-fourth Congress, and who enjoyed the respect and confidence of the old Democratic leaders. His reputed conversion to Republicanism having been questioned, Mr. Jones, who is 84 years old, writes from Pueblo, Col.: "If God shall see proper to spare my life so long I shall most certainly cast my vote at the next Presidential election for Harrison as President and Morton as Vice-President of the United States."

Twenty-five years ago the question was, Shall the Union be destroyed? and to-day the question is, shall the industry and prosperity of the Union be destroyed? and properly enough, the same parties are on the same side now as then.—Hon. A. L. Morrison.

LANDER REPUBLICAN NOMINEES.—The Lander county Republican Convention, which met at Austin Wednesday, nominated the following ticket: Assemblymen, S. L. Cohoon, G. W. McHardy, J. C. Cutting; Clerk, J. H. Trolson; Recorder, W. A. Clifford; Treasurer, G. H. W. Crockett; Assessor, Jefferson Hall; Sheriff, Jos. McCumb; Commissioner, long term, William Foster; Commissioner, short term, B. F. Wilson.

**Syrup of Figs**  
Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the System when Bilious or Costive; to dispel Headaches, Cold and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Sold by Wm. Pinniger, Reno.

**Advice to Mothers.**  
Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-sw f-1v

## CONSTITUTIONAL AMENDMENTS.

The Carson Appeal directs attention to an important matter in the annexed: The newspapers of the State are not paying sufficient attention to the Constitutional amendments which are to be voted upon at the approaching election. It is a matter of grave importance, and unless some uniform action is decided upon by the County Commissioners having charge of the printing of tickets the whole thing is almost certain to go by default. Each one has to receive a majority of all the votes cast, so that every ballot, without the voter's preference being designated, counts against the adoption of the Amendments, the same as though they had been cast in the negative. The same rule obtains concerning the calling of a Constitutional Convention, which proposition was once submitted to the people and lost, although a large majority of those who expressed their preference voted in the affirmative. The amendments which are proposed, we are confident meets the approval of a large majority of the voters of the State, but in the excitement of a Presidential contest they are liable to be lost sight of, and the propositions defeated through the failure of the people to vote upon them. This will most certainly prove true if the tickets are generally issued with both the affirmative and negative expressions appearing upon them. A majority of the voters will not take the trouble to cross the one they disapprove, and the consequence will be the defeat of all the Amendments and also the call for a Constitutional Convention.

There have been a number of ineffectual attempts made to amend our Constitution so as to conform to the changed condition of things in the State since its adoption, and unless the County Committees take the matter in hand, the effort will prove as futile as its predecessors. During the session of 1885, a joint committee of the two Houses was appointed to make a thorough revision of our fundamental laws. The committee spent a great deal of time upon its work, and submitted a series of amendments which were adopted by the Legislature. At the following session, however, when the matter came up for action, it was found that the whole thing was knocked in the head on account of the failure of the Clerk of the Assembly to copy the proposed amendments in the journal of that body. Considering the many failures, we believe that the County Committees of the two parties would be justified in issuing the ticket, with only the affirmative vote thereon. In no other manner can any result be obtained, and in no other manner can the needed Constitutional reform be inaugurated in the State.

The Carson Appeal says: There is in circulation a report that a scheme is afoot, to transfer to the State the \$20,000 indebtedness of Washoe county, incurred in removing the State University from Elko to Reno.

There is no foundation for such an absurd proposition.

## SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for the county of Washoe. The State of Nevada sends to Isaac Weston, Clerk of said Court, to appear on behalf of the State of Nevada, as plaintiff, in the District Court of the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service—if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover from you the sum of three hundred and fifty dollars in the gold coin of the United States, for money had and received by defendant to the use and benefit of plaintiff and belonging to plaintiff, demanded by plaintiff of defendant, to pay which or any part thereof defendant has heretofore failed and refused to pay, and still does fail and refuse to pay, together with interest thereon from date of judgment until paid at ten per cent. per annum and for costs of suit, all of which will more fully appear from the complaint, which is on file in the office of the Clerk of said Court, at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will take judgment for the said amount besides interest and costs of suit.

In testimony whereof, I, T. V. Julien, have hereunto set my hand and affixed the seal of said Court this 11th day of January, 1887.  
T. V. JULIEN,  
Clerk of the District Court of Nevada, in and for Washoe county.

## TO THE CITIZENS OF RENO.

HAVING PURCHASED THE RENO GAS Works, and with a view of increasing the consumption of gas, the company respectively gives notice that they are prepared to introduce gas into premises from the street main, or set meters, but the gas company.

Persons wishing gas will please leave their orders at the gasworks, as no one is permitted to introduce gas into premises from the street main, or set meters, but the gas company. Will also state that gas is not being manufactured in Reno as an auxiliary to any other light, therefore no residence or business will expect a meter to be left with him standing idle while he is consuming other light. With a constant supply of good gas at low rates the company hopes to merit and receive a liberal patronage from the people of Reno.

**PLATFORM AND RESOLUTIONS.**

The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.

Resolved, That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.

Resolved, That a diminishing quantity of money reduces the price of labor and property increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise.

Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National banks, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people, oppressive, unjust, and should be repudiated.

Resolved, That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or in any convenient form, is imperatively demanded.

Resolved, That the attempt to substitute National bank notes, costing the laborers of millions of dollars annually, for free silver, that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demonstrated silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people.

Resolved, That we charge that President Cleveland is the willing tool or agent of a powerful money ring which fattens the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, and uses them without the payment of interest, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property.

Resolved, That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand a candidate who is just to all the people of the country—the poor as well as the rich.

Resolved, That the trickery of the President and his advisers by which they prevented a vote in the House of Representatives on the Bland silver amendment to the Bond purchasing bill, equals the villainy of the secret and fraudulent demonetization of silver in 1873.

Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the workmen's competition with the cheap labor of other countries.

Resolved, That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending.

Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, with clipping the mail services, with retaining unnecessary bills for the improvement of harbors and harbors, and with the power of his Administration to prevent appropriations for a navy and coast defenses, with attempting to destroy the protective tariff, with courting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders to demonstrate silver and destroy the industries of our country, and for the reduction of wages of the Mint employees at Carson for closing the Carson Mint when it was not only self-maintaining but a source of revenue to the Government, for its contemptuous vote for pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required.

We are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.

We demand, in behalf of our various industries, the retention of the duties on lead, borax, soda, hides and leather, and to restore the tariff of 1867 on wool.

Resolved, That we recognize the right of labor to organize for its lawful protection.

Resolved, That we favor the submission by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic.

We favor liberal appropriations by Congress for hydrographical and topographical surveys in this State to the end that the water rights may be preserved for the purpose of irrigation.

We endorse the wise and conservative administration of Governor C. O. Stevenson, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodburn in behalf of the interests of the people of this State.

We favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements.

We favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the building of public works for our sea coasts, the erection of public buildings, the creation of a navy the purchase of bonds and the repeal of the internal revenue laws taxing tobacco.

It is the duty of the State to maintain free non-sectarian schools in the rural and sparsely settled districts as well as in towns and thickly settled sections, and that such a division of the school money should be made as will furnish the means of education to all children in the State.

We are in favor of re-opening the Carson Mint for coinage, and raising the wages of its employees to the standard paid by the last Republican Administration.

We demand the restoration of the mail service in this State to the efficiency maintained by the last Republican Administration, and favor the payment of fair wages to all postal employees.

The Republicans of Washoe, proud of the past and hopeful for the future, heartily endorse the platform and nominees of the National Republican Convention, as adopted at National Republican Convention at Minneapolis, and pledge a rousing majority for Harrison and Morton and Protection, and Murphy and Bartine and the ticket nominated by this Convention. We demand legislation from both Government and State in regard to irrigation, and for the improvement of our natural waterways as well as for the storage of water, whereby the natural advantages of this section can be improved to their fullest capacity. We demand the most rigid economy in State and county affairs, and the establishment of the State's expenses upon such a basis as will secure good government at the lowest rate of taxation. We insist that a rate of seventy-five cents should be and is sufficient to provide revenue for the State Government.

In view of the rejection of the new Chinese treaty by the Mongolian Government we demand the total and absolute exclusion of all Chinese, and they must go.

# 250 Beautiful Lots For Sale!

## A RARE CHANCE FOR INVESTMENT AND A HOME

### THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River, and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.
